TITAN LUGGAGE

Essential for anyone who travels! Combining German engineering, ergonomics and innovative design with the lightest and most durable materials, TITAN luggage is true to the German tradition of engineered excellence. Year after year, TITAN answers the clear and precise demands of millions of travelers on the planes, trains and "autobahns" of Europe. Engineered for lightness, strength and durability trip after trip. TITAN Luggage embodies three of the latest trends in one: cutting edge materials, maneuverability and bold use of color. Already a favorite in more than twenty European and Asian countries, TITAN is now available to the North American traveler. Prices vary depending on size and product, visit www.titanluggageusa.com for more information.
